Splendid Entertainment Provided at Chamber Commerce Luncheon

A good attendance, a good luncheon and splendid entertainment marked the noon-hour lunch served at the Chamber of Commerce on Wednesday.

The call to lunch was given by the president, Rev. Wm. Landis, who requested Dr. Hall to say grace.

Mrs. Kanavel, accompanied on the piano by Miss Ethelyn Feltner, sang in her usual charming manner. Her first selection was "Where Dreams Come True." As an encore she sang a delightful little song, "Three Little Chestnuts."

The meeting was called to order by the president, Rev. Landis, after which the minutes of the last meeting, December 29th, were read and approved. Introductions followed. Mr. John Bailey introduced Mr. and Mrs. George E. Evans of Rome, N. Y., who are members of their home Chamber of Commerce and were glad to find our rooms so conveniently located. Mr. Rosen introduced Mr. Walthe of Winter Haven, and Mr. Wheat introduced Mr. and Mrs. Chick of Madison, N. H., who are happy to state are new members of the Chamber of Commerce.

Mr. Porter once more brought to our attention the necessity of the state taking over the Home for Homeless, and requested that we get in communication with other Chambers of Commerce and see what steps are being taken, as the Legislature meets in March and it is necessary to be in readiness at that time.

Mr. Wheat spoke of the progress made in relation to the Golf Course.

for St. Cloud, urging all to become members so that the work can continue. He brought out the fact that this will be an outstanding feature for St. Cloud, and of the great benefit it will be to us having at present nothing of this kind to offer the newcomer.

President Landis stated that Mr. Brannan had been at the Chamber of Commerce rooms on Tuesday night and would also be there on Wednesday night to have automobile license.

Dr. Cushman asked for a report from the committee for the Ministerial Show. Secretary Wheat stated that plans were going forward and the show would be put on in the Popular Theatre on January 27th.

John Gantt, County Demonstrator, gave a most encouraging report for Osceola County. He said the agricultural situation is in good shape, the largest average being planted in truck raising in its history, a farm of one hundred acres just on the outskirts of our city being planted to tomatoes, potatoes and eggplant, with many other farmers following in line. As to the citrus products our groves are in as good a condition as they ever before the real estate boom, they not having been in the area of speculation. A great many acres are to be put in citrus this spring. He also said that Osceola County is one of the best as far as climate and land are concerned, and is having one of its best seasons since its appointment as County Demonstrator.

FLORIDA MISSION FOR THE DEAF EXPANDS RELIGIOUS WORK

From time immemorial there had been no Sunday school for the deaf of Florida in existence, nor was there any regular church service conducted for their spiritual edification until recently. The silent folks seldom, if ever, attend Sunday school or church for the hearing, and generally depart on the Sabbath day in all kinds of recreation, commercialized or otherwise.

When the formation in 1913 of a Sunday school class was effected in St. Cloud, the deaf of this locality and state found cause to express their enthusiastic approval of the movement. The attendance and interest grew so unabated that a demand for a preaching service was created last year with the result that they now have Sunday school every week and a religious service once a month or oftener.

Then the Florida Mission for the Deaf came into being with headquarters in this city. Rev. Iver G. Hyndman, the pastor of the Methodist Episcopal church, at which these meetings are held, has been largely instrumental in extending missionary work of the organization to other cities where a number of deaf residents live. The aim of the mission is to arouse and inspire the deaf citizens of the state in a stern realization of their duties and responsibilities as Christians regardless of their church affiliation, nationality or race. The preacher is Mr. Frank E. Philpott, who is a regularly licensed local preacher of the First Methodist church of St. Cloud. Mr. Philpott had one year's experience as assistant pastor of the Chicago Mission for the Deaf (Methodist Episcopal) at Chicago, Ill., and is admirably fitted for the unusual kind of work. He has taught the Silent Class in the Sunday school since its commencement in 1913, and is probably the only "silent" pastor of any denomination in Florida. For many years he had conducted a class of this kind in Akron, Ohio; Chicago and Decatur, Illinois; Cleveland, W. Va.; and Jacksonville, Florida.

After an absence of three months, the afternoon service was resumed at the church last Sunday at two o'clock in the afternoon. During the interim the services had been conducted in Lakeland, Winter Haven, Tampa and Orlando. The subject of the sermon last Sunday was "The New Year," which was appropriate to the new year. Nineteen deaf people of St. Cloud, Tampa, Lakeland, Plant City, Orlando, Annandale and Sanford were in attendance at the service, those coming in from Lakeland being fortunate enough to join the silent class in the morning.

The next meeting will be held in Daytona Beach on February the sixth.

Thursday, January 13, at the Baptist Church, the several women's auxiliary societies of the churches of St. Cloud will hold an all day conference, beginning at 9:30 a. m.

Covered dish luncheon at 12 noon, such women bringing her own table service, sandwiches and one covered dish.

A fine program has been prepared and all women interested in world progress are most cordially invited to be present.

HELD UP BY FLOOD

Mr. and Mrs. Hennessy and son of Detroit, Mich., who are visiting their grandmother, Mrs. Frances E. Riley on Wisconsin Ave., were held by the flood at Knoxville, Tenn. They were pulled out by a rope through two feet of water, and were finally able to resume their journey. They drove a light-colored car, and brought with them the family pet, a three year old Maltese cat, weighing 14 pounds.

B. Y. F. U. EJECTS OFFICERS

The Baptist Young Peoples Union of the First Baptist Church elected the following officers for their union: President, C. L. Wheat. Vice President, Alpha Wood. Secretary, May Hollenbaugh. Treasurer, Marion Clark. Corresponding Secretary, Ruth McMullen. Flannell, Virginia Davis. Chorister, Miss Rodolph. Quiz Leader, Ethel Hammond. Group Captain No. 1, Mabel McMullen. Group Captain No. 2, Gerald Price. Group Captain No. 3, Irene Ellison. Special Committee, Mabel McMullen, Ruby Tindall, Lester Taylor, Gordon Aichison.

The B. Y. F. U. has a membership of approximately 50 young people, and at the rate they are increasing they anticipate an active membership of 75 in the very near future.

Mrs. Lela Atwood has returned to St. Petersburg to resume her work as principal of the Girls Junior High School after spending the holidays with her parents, Mr. and Mrs. George P. Arrowood.

"GREEN STOCKINGS" BY HIGH SCHOOL JAN. 14

"Green Stockings," a play in three acts, by A. E. W. Mason, will be presented by the St. Cloud High School Dramatic Club Friday night, January 14th, at 8:00 o'clock, in the St. Cloud High School Auditorium. The cast will be as follows:

Celia Faraday..... Dorothy George
Midge..... Florence Coyle
Evelyn..... Carol Henry
Phyllis..... Martha Tucker
Aunt Ida..... Essie Gelfer
Colonel Smith..... Kenneth McGill
Henry Steele..... Gerald Warner
James Raleigh..... Richard Helm
Robert Tarver..... Preston Johnson
William Faraday..... Edward Thomas
Admiral Grive..... Ivan Flint
Martin..... Jay Martin

The play is held in England and naturally the costumes are entirely English, with afternoon teas, breakfasts, etc. The title itself concerns an old English century custom which requires an elder sister to wear green stockings at the wedding of her younger sister if that sister has captured a husband first. In the words of Evelyn:

Celia Faraday, the charming heroine, is the eldest of four sisters. She has always been the dependable and reliable member of the family. Consequently she has quite naturally fallen into the class of the "old maid," and slowly and surely she has not been given a chance to show how fascinating and alluring she really is. Her two married sisters, Evelyn and Midge, are charming and patronize and snub Celia unmercifully. Her father, William Faraday, occupies her completely and Raleigh and Midge, two "young men about town," are loved by her. Only Aunt Ida gives her any sympathy and understanding.

Phyllis, the youngest sister, wants to marry an empty-headed young swell named Bobby Tarver, but knows her father won't approve if he must have Celia left on his hands. The momentous question is: "Must Celia put on a pair of green stockings?"

Celia is too clever and resourceful to give in to her fate without a struggle. She puts her inventive spirit to work and forms a plan that brings a certain Colonel Smith to life and enters real romance in her life. She creates her own love story and before the play has ended she opens her petals like a flower and stands a full-blown, blushing rose—or should I say bride?

Come and see for yourself on Friday night, January 14.

Reserve seat tickets on sale next Monday, January 10, at Robinson's Drug Store at 50 cents.

Other seats, 35 cents.

OLD TELEGRAM ON DISPLAY AT WESTERN UNION OFFICE

There is on display at the local Western Union office, a very unique old telegram, which is of special interest to many of our citizens. Conrad Henry G. Higgin, who is the subject of the message, had been dangerously wounded and the message was sent in an effort to secure surgical aid for him. It was filed at Harper's Ferry September 22, 1862, and received at Worcester, Mass., same day and cost the sender \$20.00 to send. The same telegram could be sent today for 90 cents.

PRESBYTERIAN CHOR GIVES CANTATA

The cantata, "Peace on Earth," by E. K. Heyser was given on Sunday evening. It was presented in a most credible manner and was greatly enjoyed by all fortunate enough to hear it.

The choruses of mixed voices, as well as the women's and men's choruses did commendable work. The tenor solo number by H. R. Dawley was fine as was the soprano solo by Mrs. Brannan and alto solo by Mrs. Lindholm. Mrs. Wignatton in the final choruses showed her high tones in a pleasing obligato. A short solo followed by an obligato by Mrs. Conn was sung very sweetly.

A beautiful number was sung by the mixed quartette composed of Mrs. Brannan, Mrs. Johnston, Mr. Dawley and Mr. Lindholm. Other solos, duets, trios and quartettes in the choruses were rendered in most pleasing ways by Miss Eyle, Mrs. Johnston, Mr. Russell, Mr. Hershey and Mr. Lindholm. Accompanied with the efficient work of the organist, Mrs. Light, Mrs. Lindholm, director, may well be pleased with the result of her efforts of the preceding months.

WHO IS CITY CHECKER CHAMP?

Among the many amusements furnished to tourists at the City Park is the checker game. As there are several players of championship caliber from their respective states, it is high time to start a tourney, matching them with others and the local experts. Here is a chance for some one to annex the city checker championship.

County Commissioners Meet Daily After Receiving Oaths of Office

Monday, January 3rd, 1927, at 10 a. m., the Board of County Commissioners met in regular session with Chairman E. L. D. Overstreet, A. F. Bass, H. O. Parkin, H. P. Solt and E. T. Miller all present, also Clerk J. L. Overstreet and Attorney Pat Johnston.

Question of the extension of the Hilliard road one-half mile was brought up by C. A. Funk, and was discussed at length, and was turned down.

A committee of ladies from St. Cloud said they had been advised to appear before the Board to see if they could get some relief from what they thought was unjust taxation. The county attorney advised that they had no power except when the taxes were duplicated or by appealing to the Board of Equalization which meets in July.

The report of C. E. Johnson as trustee of special road district No. 3 together with his resignation were presented and his resignation was accepted. S. W. Porter who was elected to fill the vacancy as trustee of this same district to fill the vacancy of Dr. J. D. Chann, also tendered his resignation, which was accepted. The board then proceeded to fill both these vacancies Elmer Ide and T. G. Moore.

The matter of appointment of game warden was left to the decision of the board.

A proposition for the purchase of the right of way was made and after much

discussion was left over to the discretion of the new board.

The new Board of County Commissioners met in first regular meeting on Tuesday, January 4th, at 10 a. m. Clerk J. L. Overstreet acting as chairman they proceeded to organize by placing in nomination for chairman, J. L. Overstreet, commissioner elected from Kenansville, who was unanimously elected. Mr. Tomasella in a few well chosen remarks expressed his appreciation for the unselfish honor, stating that it was the first time in the history of the county that the fifth district had ever been honored by having its member elected to the chairmanship. He stated that the board's workload must be "economical," and that wasteful expenditures must be stopped. A cordial invitation was extended to all to be present at all meetings and any one wishing to address the Board briefly and to the point, opportunity would be given to the same.

Opportunity was then given to any one who wished to do so to address the Board.

Captain Price and Mr. Lusk of the National Guards in Orlando came before the Board with the request that a road be opened into a tract of land on the Lake Wilson road where they wish to establish a National Guard Target Range, presenting a drawing showing the location of same, stating (Continued on Page Four)

DAUGHTERS OF UNION VETERANS HOLD RECEPTION

The Daughters of Union Veterans of the Civil War met in regular session for the last time in 1925, on December 21st. Application of a constitution for membership was read and committee appointed. Two visiting sisters were present, Mrs. Mayne of New Castle, Pa., and Mrs. Shoup of Cuyahoga, Ohio.

The out-going president, Sister Nettie Clark, extended an invitation to members of the Tent and their families to be present at a reception to be held in the Lodge Room on December 30th from 3 to 5 p. m.

Over thirty responded to the invitation and were regally entertained by the hostess; those absent being the unfortunate ones. A splendid program was given for our entertainment. Sister Raymond and Comrade Raymond played several selections on the piano and violin. Comrade Raymond's music always puts one in the dancing humor and the Virginia Reel was one of the pleasures of the afternoon. Mrs. Linnam and daughter, Miss Wilma, gave several numbers on the piano and violin. Miss Wilma gave a song poem, "Well Be Good." It was good.

During the afternoon refreshments of ice cream, cake, punch and candy were served from a table beautifully decorated with poinsettias and Christmas colors.

As a small token of the appreciation of faithful work of the past year done by our president, a year in which not one meeting has been missed, Sister Nettie Benedict on behalf of the Tent, presented her with a beautiful dresser scarf. Sister Clark responded with a few well chosen words, expressing her pleasure at having been able to serve as president, and her joy in knowing that all considered her work well done.

The first meeting of the New Year was held on January 4, at which time our candidate, Dorothea Whitford, was elected and anointed into our Order. Upon the completion of the regular business, a short recess was granted and the doors were opened to members of the G. A. R. Post and the W. B. C., who had been invited to be present at the installation of officers for the coming year. We were pleased to have them with us.

Installing officer, Department President Clara R. Fuller.

Guide, Nettie Severn.

Chaplain, Edith Danforth.

Guard, Ida Morgan.

Officers installed were: President, Emma E. Raymond; Senior Vice President, Ella B. Slater; Junior Vice President, Nettie Benedict; Chaplain, Annette Smith; Treasurer, N. Gertrude Braham; Council No. 1, Nettie Severn; No. 2, Minnie Barber; No. 3, absent; Patriotic Instructor, Jeanie Tucker.

President's Staff: Secretary, Elmer Clark; Press Correspondent, Mary J. Van Meter; Guide, absent; Guard, Lela Mox; Asst. Guard, absent; Messenger, Lela E. Brown; Color Bearer, No. 1, Clara Regan; No. 2, Mary Widrig; No. 3, Emma Smith; No. 4, absent.

Those absent will be installed at our next regular meeting.

RELIABLE REALTY CO. NEW REAL ESTATE ORGANIZATION

J. H. Webster and R. W. Cottrell announce this week the opening of the Reliable Realty Company office in the Milburn Building. The new firm will list city property, homes and acreage. This firm will also be the local agent for the M. P. Plymouth Corporation.

Mr. Webster and Mr. Cottrell came to St. Cloud over a year ago from Rochester, N. Y. Mr. Webster retired from active business several years ago but still has holdings in Rochester concerns. Mr. Cottrell managed the Rochester office of the R. W. Brown & Co. Real Estate & Mortgage Bonds of New York City, and later the office of G. L. Miller & Co. He is building a new home in St. Cloud and plans to make his permanent residence here.

The aim of this company is to assist its patrons in the selection of the most desirable homesites and property. Careful consideration will be given each individual requirement.

FIRST BAPTIST CHURCH EJECTS NEW OFFICERS

The annual business meeting of the First Baptist church was held in the church parlors last Monday evening. Encouraging reports were received from all departments of the church work.

The church clerk reported a net gain of 61 new members during the year and notwithstanding the loss by death and removal the present membership was reported at 229.

The Sunday school never was in better condition than it is at the present time this growth and encouraging condition is due very largely to the faithful efforts of the Superintendent Mrs. E. F. Lang and her faithful corps of teachers.

The B. Y. F. U. is becoming more and more a real asset as an auxiliary of the church. Mr. C. L. Wheat is the president of the Young Peoples Society.

The W. M. U. brought in a very encouraging report of the work done during the year and the money that was raised for Missionary purposes.

The following officers were elected for the coming year: Three new deacons, O. L. Wetherbee; J. H. Young, and M. A. Hood; one new trustee, Mr. I. J. Beckley; Church clerk, Mrs. Fred Michel; treasurer, O. L. Wetherbee; organist, Mrs. B. Aichison; chorister, Miss Gyla Lee; building fund treasurer, W. G. Wood; head usher, E. N. Hollenbaugh and flower committee, Mrs. O. L. Wetherbee, Mrs. R. W. Davis and Mrs. D. L. Smith.

All those holding bonds issued by the church were notified that if they would present their coupons at the Peoples Bank they would receive checks for the interest that is due at this time.

ed to our out-going president, Sister Nettie Clark, a past-president's badge. Sister Clark has the unusual record of having attended every meeting of the Tent for the past three years. She reported that during the past year 24 members of St. Cloud have answered the last "Roll Call," and that she and her flower committee had sent flowers for 16 and letters of sympathy to the families of the rest.

PARENT TEACHERS MEETING

The regular meeting of the Parent Teachers Association will be held Monday evening, January 10, in the High school building.

At 7 o'clock promptly, a luncheon will be served which will be the same as that served the children at noon during the week. The charge for this luncheon will be in cents; there will be extra provided for which a charge will be made.

Everyone is cordially invited. Please send in your name to any of the teachers or officer of the P. T. A. before noon on Monday so that your name will be sure to be in the "kettle."

At eight o'clock the business part of the meeting will be held in the auditorium, after which entertainment in the form of speaking etc. will be provided.

All interested in our schools are welcome.

CITRUS PRODUCTS TO BE DEMONSTRATED

On Monday afternoon, January 10th, at 2 o'clock, in the Chamber of Commerce there will be a demonstration of Citrus Products consisting of jellies, marmalades and preserves. The whole grapefruit will also be demonstrated as a finished product.

MEMBERS OF ST. CLOUD CHAPTER ATTEND SCHOOL OF INSTRUCTION AT ORLANDO

On Wednesday, January 5, a school of instruction for the Order of the Eastern Star was conducted at the Masonic Temple in Orlando by the Grand Master, Mrs. Alvina Craig, of Winter Haven. Members of the Order attending from St. Cloud were: Mesdames Clarence Bailey, Holmes Crawford, C. A. Dawley, R. Roubien, Walling, Guleson, A. F. Clark, E. E. Livermore, Wm. Dodds, Grace Liggett, Hilton Stephens, John Phillips, Qualins, I. E. Dieffendorf, Ed. George, Roy Long, Miller Strayer, Fred Tallas, O. T. Hale, Wm. Blackburn, Elliott, and Clara Rhodes.

MRS. LULA SHEPARD LECTURER ANNOUNCED FOR ST. CLOUD

The women of St. Cloud will be privileged to hear Mrs. Lela Loveland Shepard, an outstanding lecturer on the American platform today, at the First Baptist church, Monday, January 17, at 3:00 p. m. Her subject will be "Mormon Temple Secrets."

BOY SCOUTS OF AMERICA, TROOP NO. 1

Some variation. Have you heard the hunting and fishing stories the Zebras are telling? That was some hike. Sure glad it turned cold and ran them in before they killed all the big game. How about those first class tests Assistant Scoutmaster Dieffendorf says only one or two boys turned in so far. Let's see. Say, did you ever cook a twist? We are betting on Albert Millman to cook the best twist.

Junior Assistant Scoutmaster says we were mistaken about his not stopping in St. Cloud. He is here to stay and will be on the job to help out with tests, etc. Glad to have him back with us.

Do a good turn daily and remember Trustworthy, Loyal, Helpful.

THE TOURIST CLUB HAS AN INTERESTING MEETING

The St. Cloud Tourist Club held their regular meeting at the Club House, January 3rd, with President Hall presiding. There was a large attendance. Every chair being filled and a number standing.

The meeting opened with the singing of America by the audience followed by the Lord's Prayer repeated in unison. The Florida song was then sung, and the minutes of the last meeting were read and approved. The resignation of Mrs. J. H. Webster who was elected publicity secretary, was read and accepted. Mrs. Roy Lackey was nominated and elected to the office.

President Hall announced that 100 chairs were missing from the Club House and that the replacing of the chairs was desired if the club members were willing and the necessary funds could be raised. Pledges of money were then received. The Chamber of Commerce pledged \$25, for which the club extended to them a vote of thanks. \$93.37 was received, and \$17 in pledges. The amount deemed necessary was \$125, so more than enough was raised to meet the requirement.

Out of 76 broken chairs, 70 have been replaced, the other six being too badly demolished. The chairs hereafter are to remain in the building. The Tourist Club is now in charge of the Club House and responsible for it. It is policed day and night. There are no entertainments to be held in the Club House during band concert nights, and no entertainments to compete with the business interests of the city. The riding of bicycles is prohibited in the park. The city management has provided 50 new seats to be used for concerts in the park and if these are not enough more will be provided.

President Hall spoke of the warmth of feeling, friendship, and cordiality (Continued on Last Page)

Code of Ethics Is Adopted at Florida Education Meeting

TALLAHASSEE, Jan. 1.—The committee on code of ethics of the Florida Education Association, of which Miss Margaret C. Fairlie of Jacksonville, is chairman, presented to the convention just closed here rules and standards, which were unanimously adopted.

The committee states ethics attempts to systematize the common expression of opinion, showing the types of moral problems and the methods of their solution.

The code is as follows:

Preamble

In order to form a code of ethics for educators, all members of the profession should feel convinced that the work of the educator is co-ordinate in rank and dignity with every other human calling and branch of human service.

We assume that the groups of workers are made up of individuals having a common purpose and common interests to such an extent that a code of ethics will apply to all in the same way.

We assume that all educators recognize that the aim of the school is to obtain the best results for the child.

Courtesy

To Patron.—The parent's viewpoint should be appreciated. It may not be accepted, but it must not be ignored.

To Co-Workers.—In all relations with fellow-workers, the educator, whatever his or her duties, office, or title may be, should be generous, courteous and charitable.

All criticisms should be constructive in character. Humiliating criticism checks initiative.

Loyalty

To the Child.—It is the ethical duty of the educator to fully realize that character building is the prime essential in education.

It is the ethical duty of the educator to carry out, to the best of his power, his contract with all children who are placed under his guidance. He or she becomes a party to such contract when he or she accepts a position as an educator.

In the making of the new curriculum, with its many attractive features, it is the ethical duty of the educator to see that the basic subjects be allotted a sufficient amount of time.

To the Profession.—It is the ethical duty of all educators to maintain intellectual and moral standard within the profession, to have enthusiasm for it, and never to speak disparagingly of it, in or out of the school.

It is the ethical duty of all educators to loyally support a movement to secure constitutional provision for teachers who have given many years of faithful service to the state.

It is the ethical duty of all educators to make themselves familiar with all the school laws of the state in which they teach.

It is the ethical duty of educators to organize and leave for incoming teachers all needed data.

To the Co-Workers.—It is the ethical duty of all educators to strive to maintain the profes-

sional dignity, good name, influence, and honor of all within the system.

By polite of manner.

By restraint in dress.

By due formality towards workers during business hours.

By never depreciating the work of another.

By maintaining the authority and dignity of his co-workers before everyone.

By scrupulously avoiding partiality in his judgment.

To the Community.—It is unethical for the educator to belittle in any way, the community in which he or she has accepted a position.

Honesty

To One's Own Ideals.—It is the ethical duty of the educator to maintain an open mind toward all forms of progress; and to seek consistently to have a part in carrying forward all projects which will improve the system.

It is the ethical duty of the educator to become an active member of at least the state and local educational associations.

It is unethical for the educator to act as agent or receive a commission on anything else of value, for books or supplies in the purchase of which he exercises official decision.

To Contract Obligations.—It is ethical that contracts should be binding on all parties of the contract.

It is ethical to give timely notice to every teacher whose re-employment is not intended.

It is ethical to take due care of the health at all times, in order to be physically fit for duty.

It is unethical to accept a position unless there is a reasonable certainty of retaining one year, or to apply for a position not declared vacant.

Co-operation

It is ethical that throughout a system the aim should be co-operation in carrying out a common purpose, and not mere docility to autocratic authority. It is by this policy only that a high morale can be obtained.

It is ethical that any member of a school system shall use his influence or authority to secure for another member of that system a deserved promotion.

The opinion of an experienced and conscientious teacher has the value of scientific research, and should be so regarded.

Compensation

Ethical practice looks toward securing to teachers tenure of position during efficiency, this being the condition under which a teacher can best plan for a life of development and service.

Ethical practice favors a pension upward of teacher's salary which will provide a living and saving wage to meet the increased cost of living and the growing appreciation of the teachers' worth to the community.

Ethical practice favors the consideration of each case of absence on its own merits, faithful service being given due recognition.

Ethical practice demands equal pay for men and women performing the same service.

Ethical practice supports strict adherence to salary schedules.

Ethical practice discourages discrimination in favor of special teachers in salary and prestige.

Profession ethics should stand for: A spirit of democracy and a broad social viewpoint.

The committee is composed of Miss Margaret C. Fairlie, Jacksonville, chairman; Mrs. J. R. Graves, Jacksonville; Miss Katherine Brown, Jacksonville; Miss Mary B. Merritt, Miami; Mrs. W. P. Coffey, St. Petersburg; Mrs. J. H. Ramsay, Tampa; Supt. J. H. Workman, Pensacola.

Miss Fairlie has been appointed a member of the code of ethics committee of the National Education Association.

VETERANS' ASSOCIATION

The regular meeting of the Veterans' Association was held on Saturday afternoon, January 1st, 1927, with the president, Comrade Lathrop, in the chair. After the newly elected officers, with old ones, re-elected, had taken their places, the meeting was called to order. Three verses of American were sung, led by the chorister, Comrade Goodman, after which the minutes of the last meeting were read and approved.

Prayer by E. M. Bennett was followed by St. Cloud Song and Yell and collection taken.

Mr. and Mrs. Gardner of Orlando entertained with music on the cornet and piano, "The Romy," and "In the Garden," were appreciated and well applauded.

A reading, by Mrs. Perkins, "How January Opens the New Year," was enjoyed.

After all had joined in singing "Marching Through Georgia," Mr. Lathrop with a few well chosen words introduced Mr. Kendall of Orlando who was greeted with applause.

His subject covered his travels in the Holy Land. His recital of his trip to Egypt visiting the great Pyramids was most interesting. Covering 11 acres, built of 1,200,000 stones and 480 feet high, some stones 60 feet long with a face of 11 feet, the great Pyramid was the tomb of Rameses II. Describing Rameses he told of the "Street which is called straight," also of his visits to the temple of Solomon and to Mount Moriah where Abraham offered up his son Isaac; also gave a beautiful picture of Jerusalem and the Sea of Galilee. He also spoke of the Jews returning to Jerusalem, stating they have 92 colonies there at present.

The meeting closed by singing, "The Star Spangled Banner."

The next meeting will be held on January 8th, given by the W. B. C., Josephine Perkins, Secy.

CHRISTMAS PLAY AT VETERANS' ASSOCIATION

On Dec. 23 President Lathrop opened the meeting with the singing of "America." Invocation by Chaplain Brand. Reading of the minutes of the previous meeting, followed with the Florida song, St. Cloud yell and the collection. The election of officers for the following year was next in order, which resulted as follows:

President, Comrade Lathrop.
Vice President, Comrade Campbell.
Secretary, Mrs. Perkins.
Musician, Miss Edna Browning.
Treasurer, W. H. Stauffer.
Chorister, H. W. Goodman.
Chaplain, Rev. A. L. Brand.

The Daughters of the Union Veterans put on a play for the Christmas season in two acts. The cast of characters consisted of about fifteen composed of the Daughters, several Veterans and three little girls. They were traveling on a train, with the anticipation of spending Christmas with some of their friends, when they were delayed by a great snow storm, the snow being fourteen feet high.

When the happy travelers learned that it would be impossible to reach their desired port, they concluded to have a Christmas tree and entertainment.

The first number was a song by the belated travelers, "Silent Night," led by Mrs. Whitford.

Pearl Carr recited "Christmas Time," Music on the saxophone, by Comrade and Mrs. Raymond.

"Hark the Herald Angles Sing," Recitations by Bentrlee and Cathern Eldridge.

Musical on the violin by Comrade Raymond. He responded to a hearty encore.

Reading by Mrs. Clara Fuller.
Talk by Mrs. Nettie Clark.

Solo by Mrs. Alvin Lincoln with violin obligato by her daughter, Wilma, with Miss Dupuy at the piano.

Song by the Eldridge Sisters, "A Visit From Santa Claus," after which the real Santa appeared upon the scene, and distributed presents among the party.

Their tree was very nicely decorated, and they all had a very good time of it if they were snow bound in Florida. Next Saturday will be a free lecture in the G. A. R. Hall.

WHAT IS BEFORE US IN THE NEW YEAR

BY MORRIS FOLSON

The smoke of the European holocaust has not fully lifted from the world and dims the sunrise of the New Year. Nevertheless the sun is there.

The American people have many serious problems in hand, more than ever before. Usually we have one big issue, but now we have the international matter of vast importance, that of a world league, and big debts to be paid. Besides we have nation-wide prohibition, the full enforcement of which is to test wise statesmanship. With all this we have labor troubles, high cost of things and general unrest.

"Borrow may endure for a day, but joy 'smoth in the morning." To those who still mourn and bear burdens a tribute of sincere sympathy is extended, but yet, at the same time may not the wish of "A Happy New Year" go to every soul in our broad and favored land, and to the people of countries across the seas who still mourn.

Today, what is it? To some, a narrow edge of time dividing work achieved from work to do. To some a road in an ascending, to others in a descending, ladder. To some, a door opening wide on opportunity; to others a step in the line of retreat from endeavor which has become futile. To all it comes as a gift and a test, the use made of which shall to a greater or less extent determine the recipient's happiness or misery.

The future? "Is a ship coming into the harbor of our lives with an unknown cargo?" "What the freight it carries we may never know."

The gifts, whether of good or ill, of even a single year, it is not within human power to predict. This we know, however, that into all lives, adjusted in their spending to certain recognized principles of well doing, we may be reasonably sure there will enter a certain amount of satisfaction, comfort and happiness.

The New Year is a time of retrospection. It might be well to look back to Washington, the successful builder of a nation, who early in life gave voice to rules for personal and national success which are as applicable today as in the trying times when the Republic was in the making. Here are some of his words on the use of money and resources that might have been written for the present situation in America:

"Economy makes happy homes and sound nations. It still it does."

"It is not the lowest priced goods that are always the cheapest."

"I cannot enjoy too strongly upon you a due observance of economy and frugality."

"Keep an account book and enter therein every farthing of your receipts

and expenditures."

"Promote frugality and industry by example, encourage manufacture and avoid dissipation."

"Reason, too late perhaps, may convince you of the folly of mispending time."

"Nothing but harmony, honest industry, and frugality are necessary to make us a great and happy nation."

February 22, 1927, will be the 166th anniversary of the birth of Washington. He was one of the richest men of Colonial days and set an example of investing wisely, saving intelligently, spending wisely, and avoiding waste. The good advice he gave in his "Farewell Address" is well worth a careful reading today.

The New Year is usually a time when most persons make a few resolutions. Can you subscribe to the following:

"I humbly resolve in the year 1927: To promise less and give more; to give the other fellow a chance; to hate a lie and hypocrisy—in myself first; to scorn taking that for which I do not give a full equivalent; to flatter away less time on unimportant things; to concentrate on things that count; to store a little energy each day for the morrow; to respect a confidence; to face facts, and to remember that no gain is utterly bad and that even I am not wholly good."

To promote happiness, efficiency and civic warfare, I sincerely promise that wherever I am:

"I will talk health instead of disease; I will talk prosperity instead of failure; I will carry good news instead of bad news; I will mention my blessings instead of my burdens; I will encourage instead of criticize; I will be a friend to every one."

Nineteen hundred and twenty-seven now projects itself as another "Narrow isthmus 'twixt two boundless seas."

The past, the future, two eternities. Over the waves of the recent past blow bitter breezes, out of which sweetness may come. Into the future we must look with fearless and trustful eyes, confident whatever shapes may loom up from its mists will ultimately resolve themselves into argosies of blessings.

ORLANDO WOMAN IS IN UNIQUE POSITION

ORLANDO, Dec. 25.—Orlando is the only city in the United States where the city railroad passenger ticket office is operated entirely by women, according to an announcement by the chamber of commerce. Orlando is also the largest city in the United States where a woman is the city ticket and passenger agent. Miss J. H. Chapman, who is one of Orlando's leading business women, holds this unique position.

FRATERNITY MEMBERS ARE ENTERTAINED AT DUNEDIN ISLES

DUNEDIN, Fla., Jan. 5.—Several hundred members of the Alpha Tau Omega college fraternity were entertained at Dunedin Isles Thursday.

The visit was made during a tour of points of interest in Dunedin and Hillsborough counties in Dunedin Isles motor coaches as guests of the Fishermen Florida company. The tour was a part of the program of the thirtieth annual biennial congress of the fraternity which was held at Tampa.

The itinerary of the party included Port Tampa, Gandy bridge, St. Petersburg, Belleair, Clearwater, Dunedin and Dunedin Isles.

At Dunedin Isles the fraternity members, representing virtually every one of the nation's leading colleges and universities were given copies of "Florida in the Making," Frank Parker Stockbridge and John Holliday Peery's authoritative volume on the state. The books were the gift of the Fishermen Florida company.

After inspecting the many improvements installed at Dunedin Isles during the past year, viewing the new 18-hole golf course designed by Donald Ross for the Dunedin Isles Golf and Country club, and commenting favorably upon the many charming homes and natural attractions of this residential community overlooking Clearwater bay and the Gulf of Mexico, the party returned to Tampa.

Prior to the departure the Greek letter society members were served refreshments in the auditorium of the new Dunedin Isles administration building.

The Chinese Government is about to present to the library of the League of Nations the complete Chinese encyclopedia, which is reputed to be more than 200 years old. It comprises 800 large volumes having a total of more than 100,000,000 words. It treats of the language, earth, sciences, humanity, literature and government.

The Post Office Department in 1925 issued more than 17,000,000,000 stamps. In 1927 only 890,380 stamps were issued.

THREE GOOD REASONS

C. W. Barron, editor of the Wall Street Journal, after a prolonged visit to our state, says:

"There are three great reasons for belief in Florida. They are January, February and March. But these reasons would not exist had not accumulated wealth with new-born ambitions preceded."

"Give me the luxuries of life," said the philosopher, and I care not who has the necessities. Life today is a matter of luxury. Formerly it was a matter of living, or existence.

"It is luxury conditions in the United States that are making Florida, and Florida is destined to remake the South."

"Florida's great need is the development of her agricultural resources. One cannot buy in Florida today the quality in fresh vegetables or dairy products that should be had in this state."

"I believe Florida should raise more flowers as well as more fruits."

"I believe Florida has paid too much attention to land speculation, and too little to agricultural development."

"I believe also that the underground resources of Florida outside of phosphates have never been properly investigated."

"Florida has no winter residents three of the wheat men in the country, from whom it may learn much—Edison, Ford and Rockefeller. They understand the secrets of nature, of water power development, and of manufacturing and merchandising."

A temperature of 5.5 degrees below zero, Fahrenheit, a little more than eight miles from the earth's surface, was recorded during the flight of one of the United States Weather Bureau's sounding balloons sent up from Royal Center, Indiana. This temperature represented a drop of 160 degrees from that prevailing at the surface.

FRUIT GROWER FINDS FIGS ONE OF THE BEST FLORIDA BETS

A. M. Daniels of 294 Caray street, writes The Tribune agricultural department this is the fifth state he has lived in as a fruit grower.

"The last eight years I have been experimenting to find the best varieties to grow in Florida, and I find nothing so interesting as the fig which will often bear fruit when one year old from a cutting," writes Mr. Daniels. "This is the only fruit that grows without having a visible blossom. It bears its fruit at the base of the leaves and as long as the tree grows, it will bear fruit."

"I had ripe figs the first of June and had them at our Thanksgiving dinner. Branches that have grown from two to three feet this year had ripe fruit their full length six or eight at the ends that will be ripe a month later. These branches have new leaves and will soon show figs at the base, making it an ever-bearing fig."

"A fig tree should be cut back the same as the grape, as it bears from new wood. It should be pruned to a uniform compact top, protecting the fruit and branches from the sun. A fig should ripen on the tree and be picked three times a week. Figs have sold in Tampa for \$1 a quart or \$2 a bushel and a large amount could be marketed."

"It will grow in any soil that will produce corn and needs no more care. A cutting of the best varieties, costing about two cents, makes a tree bearing fruit in one year worth 50 cents or more. I am also propagating the star apple, which grows in clusters of three to four which ripen during June, July and August and bids fair to be one of our best citrus fruits."—Tampa Tribune.

The word Cabal came into being in 1671, when the English cabinet consisted of five persons (Clifford, Arlington, Buckingham, Ashley and Lauderdale), the initial letters of whose names made up the word. They made that appellation so infamous that it has never since their time been used except as a term of reproach.

FLORIDA A PARADISE
Florida is the nation's paradise. One
only needs to read of the diseases and
tragedies elsewhere to become aware
of that. Florida are sweeping states
to the North. Snow and ice are making
living a burden in states of the East.
California is having her troubles
with gales, storms and rain. The
states of the Rockies are in the throes
every week or so of a new cold wave
and motorists are stalled for days,
scarcely any part of the whole United
States is free from the discomfort
of the weather. Anybody who is dis-
posed to be dissatisfied with life and
ease in Florida should take a trip
through the flooded areas, the snow-
hills and mountains of the North, the
damp misty lowlands that are under
water or are fearful of an onrush of
rain and storm. It is safe to predict
the trip would be cut short in order
that the traveler might get back to
Florida. Floridians are accustomed to
sunshine, need to be reminded some-
times of their good fortune. Let them
read almost any day of the rigors of
climate in the other states and they
will not only have reason to feel grati-
fied for living in Florida but they can
take comfort in the certainty that the
residents of the other states will find
it all out. False propaganda would
keep the ice and snow away or influ-
ence the rivers to stay within their
banks. It is well to remember all this
while we are talking about business
conditions.—Jacksonville Journal.

WHAT PRICE JUDGMENT?
Thousands upon thousands in Ten-
nessee are suffering from the worst
flood in the history of that great
Southern state. Homeless are having
their destitute condition made more
acute by cold weather following heavy
rains.

Florida, the state which has felt
the devastating hand of winds of hur-
ricane proportions no longer than last
September, extends sympathy coming
from a full heart, to those victims of
Tennessee's flood-swept area.

When the September storm struck
fiercely at the East Coast and roared
across the state, Governor Austin Peay
of Tennessee saw fit to make a state-
ment and attempted to judge Florida
in that the hurricane was a retribution
of God for immoral Miamis.

Governor Martin, reading from the
newspapers of the devastation being
wrought in Tennessee, re-called Govern-
or Peay's statement and remarked:
"I wonder what the kind Governor
Austin Peay of Tennessee thinks about
the wrath of the Almighty now that
his own house has five feet of water
in it."

Like Governor Martin, we wonder if
Governor Peay's religion has under-
gone a process of evolution during the
last few days. Does the governor of
Tennessee still believe that only the
unrighteous suffer from storms, flood
and earthquakes?

We recall a phrase in the Holy
Book which says: "Judge ye not, lest
ye be judged." Those may not be the
exact words, but they seem to fit Gov-
ernor Peay's case exactly.

The Herald, with the rest of the
newspapers of the state, extends its
sympathy to the people of Tennessee.
We are not bringing out Governor
Peay's statement from any desire to
reflect upon the good people of that
state, but only to show that maybe
there is a moral lesson to be learned
from the snap judgment of the gov-
ernor.—Bradenton Herald.

METHODIST EPISCOPAL CHURCH

Tutor G. Hyndman, minister.

Our slogan, "A friendly church in a
friendly city."

We had a fine attendance at the ser-
vice on Sunday, particularly at the
evening meeting. The sacrament of
the Lord's supper was administered at
the morning service, Dr. Hyndman be-
ing assisted by several of the visiting
ministers. In the evening the pastor
preached a New Year's sermon on "The
Undiscovered Resources of Tomorrow."

Miss Charlotte Knowlton sang "There's
a Beautiful Land on High."

At the evening service a trio was
given by three of our young college
girls, at home for Christmas vacation,
Misses Mildred and Florence Ross and
Helen Philpott. We have enjoyed hav-
ing these and several other of the col-
lege young folk with us for the season.
They will return to school this week,
to Gainesville, Tallahassee, Lakeland,
Athens (Tennessee) and elsewhere.

Mr. L. U. Zimmerman has been ap-
pointed principal usher for the morn-
ing service and took charge last Sun-
day. Mr. J. H. Ferguson will be in
charge at the evening hour.

At the mid-week service on Wednes-
day night interesting reminiscences of
"My First Sermon," were given by the
visiting clergymen present.

MRS. HERBERT J. COLTON

The many friends of Mrs. H. J.
Colton were shocked to learn of her
death which occurred on Tuesday,
January 4th, 1927.

Mrs. Colton had been in poor health
for some time, and it was in the hope
that she might recover her health that
she and her husband returned to St.
Cloud from Burlington, Vt., on Sep-
tember 1st, building a home just east
of the city.

Mr. and Mrs. Colton first came to
St. Cloud about eight years ago and
have made many friends among us,
who deeply sympathize with Mr. Colton
in his bereavement.

On December 16th, Mrs. Colton was
taken to the Florida Sanatorium at
Orlando, and was operated upon on
December 24th. She never regained
consciousness and passed away on
January 4th.

The funeral was held from the Glas-
stein Bros. Funeral Home, and ser-
vices were conducted by the Rev. M.
Puckett-Foster.

Mrs. Colton is survived by her hus-
band and one stepson, Harry Colton,
who has been with his parents during
the past two months.

The body has been shipped to Bur-
lington there to await interment in
the spring when Mr. Colton will re-
turn north.

Mrs. Colton was a member of the
First Baptist church of Burlington
and a member of Beatrice Rebekah
Lodge of that city. She was well
known for her beautiful Christian
character which endeared her to all
with whom she came in contact.

ENJOYABLE CONCERT SUNDAY AFTERNOON

A special program is arranged each
Sunday afternoon for the band con-
certs which are given in the City
Park under the direction of Mr. Henke.
An added pleasure was given those at-
tending last Sunday by the singing of
Miss Knowlton. Her selections were
very pleasing, and as usual her voice
charmed all who heard her.

Comrade Bliss passed away at his
home, corner of 8th Street and 24th
Avenue, St. Petersburg, just as the
bells were ringing in the New Year,
thus making a sad New Year for our
Past National President of the W. B.
C., Belle W. Bliss.

IN MEMORY OF COMRADES WHO HAVE PASSED AND GONE

These comrades have pitched their
tents upon a camp where the rattling
of the musketry or the booming of
the cannon shall disturb them not.

Where wars and rebellion are
known not.

Where those who were the fine and
those who wore the gray shall march
side by side and shoulder to shoulder.

They are now upon a camp where
joy and peace and happiness.

This is in fraternity, charity and
loyalty, peace and good will to all
mankind.

PRACTICAL NURSE

Anyone desiring the services of a
practical nurse may communicate with
Mrs. Mary Muggert, Box 1196, St.
Cloud, or call at 11th Street and
18th Street. References and physici-
an's recommendations furnished.

of Kissimmee. Ellis Davis residing
the majority of votes, thereby re-
solving the appointment.

Chairman Tomassello called for a
motion to appoint Davis as clerk. Sher-
iff L. R. Farmer, asked him if he was
in attendance on the Board, stating
that there was a fee of three dollars
per day to himself or his deputy in his
absence for such service and requested
him to notify Attorney Davis that he
had been appointed attorney for the
Board.

The chair then announced that it
would be necessary to draw a jury of
not less than 250 or more than 500.
The appointment of a janitor was
next in order. George Sessions, the
present janitor, was re-appointed at
the same salary.

Dr. J. D. Chunn of St. Cloud was
re-appointed to act as physician and
surgeon for the County at a salary of
\$500 a year; medicine and supplies to
be furnished by the Board.

The Board then recommended that
Sheriff Farmer retain John Bronson
as speed cop at his present salary of
\$125 per month, furnishing him with
machine, gas and oil.

The following applications for ap-
pointment as game warden were re-
ceived: John H. Baisden of Kenans-
ville, C. C. Bates of Kissimmee, C. A.
Sessions of Kissimmee, Shelton S.
Warren of St. Cloud, whose applica-
tion was signed by a number of St.
Cloud residents, and LeRoy Bass of
Kissimmee. When this was put to
vote LeRoy Bass received two votes
and John Baisden received two votes
making it a tie, thus giving the chair
the right to vote and John H. Baisden
received the appointment.

C. A. Blair appeared before the
Board requesting that the contract ex-
tended by the old Board be continued
by the new, allowing the dredge to
move to what is known as the Road
road making it possible at an early
date as possible, that he may be able
to move overland the truck from what
is now the largest truck farm in Os-
ceola County. Mr. Blair recently took
off 350 crates of vegetables and will
soon be ready to ship in carload lots,
having at the present time five fam-
ilies living on Cypress Island, and dur-
ing the packing season will have at
least fifteen families living there. The
Board unanimously granted his re-
quest.

The resignation of Orville Bass as in-
spector of marks and brands was
presented and accepted.

The subject of stockades for prison-
ers was referred to Attorney Davis for
investigation.

G. W. Ashton, superintendent of
roads, was asked for a report of stock
and machinery belonging to the coun-
ty for road work. He gave a verbal
detailed report of same, whereupon the
chairman of the Board advised that
there must be a definite system of
handling road work within the county,
and for purchasing supplies and ma-
chinery for the county. Mr. Ashton
reported that there are three pairs of
mules that can be disposed of, and
the clerk was instructed to advertise
for bids for sale of same.

Millon Pledger suggested that the
proceeding of the deeds of right of way
for the Dixie Highway through Osce-
ola County should be hastened.

The Valley Gazette of Kissimmee
was appointed as official organ of
publication of the Board.

J. W. Jones, one of the engineers
on the highway, offered to serve gratis
as engineer of the county so long as
he is drawing pay under the bond
system, providing the Board would con-
tinue his services at a salary satisfac-
tory to himself and the Board. Ac-
tion on the matter was deferred.

It was unanimously decided that all
maintenance in the county come and
that the clerk be instructed to advise
all who are at present receiving assist-
ance from this source. A committee
was appointed consisting of J. Nathan
Bryan and F. W. Ames to investigate
needs cases.

Meeting adjourned at 4 p. m.
Wednesday at 9 a. m., adjourned
session reconvened with P. Tomassello,
O. H. Blench, H. O. Partin, P. W.
Ames and J. Nathan Bryan, Clerk J.
L. Overstreet and attorney for the
Board, Ellis F. Davis, present.

Clerk Overstreet gave the following
financial statement:
General Fund, \$1095.35; Special Road
District No. 2, \$184.07; Agriculture and
Live Stock, \$1902; Publicity, \$1294.
Fails, \$31.80; Tick Graduation,
\$359.90; Fine and Forfeiture, \$573.71;
Road and Bridge, \$6840; Four Certifi-
cates on Bank of Osceola, \$32740.11.

The bonds of J. J. Griffin for Notary
Public were approved, also bonds of
school board of H. M. Katz.

J. J. Griffin announced that he had
received all deeds for the right of
way on the Orlando-Kissimmee High-
way except thirteen feet out in the
woods for which the owner who lives
in the north is asking \$150.

H. O. Partin announced that Dr.
Hatheway had made the statement that
it is his intention of coming here dur-
ing this month and go over with the
commissioners the proposed location of
the Kissimmee-St. Cloud and Mel-
bourne Highway.

The only applications for the po-
sition of superintendent of county roads
were E. Tom Clements and Gerald Ash-
ton, and in view of the splendid record
made by Gerald Ashton he was re-
appointed with the understanding he is
to work under directions of the new
Board for a period of thirty days.

The vacancy made by the resigna-
tion of mark and brand inspector was
filled by the appointment of W. E.
Smith of Kissimmee.

In view of the fact that there is a
murderer in the county jail, attorney
for the Board was instructed to take
the matter up with the state authori-
ties and see about immediate action
being taken.

Since it is possible to leave prison-
ers for public work the clerk was in-
structed to correspond with the ad-
joining counties and if possible arrange to
lease the prisoners of this county.

Prisoners appointed to fill the vacan-
cies on special road district No. 5 to
serve with John H. Baisden were H.
V. Phillips and Oliver Bass.

The resolution made by the old
Board relative to debts contracted by
those employed by the County that
they be compulsory will be enforced by
the new Board.

The attorney was instructed to look
into the leases of turpentine, etc., and
ascertain which are accessible and
which are not.

Elmer Ide and T. G. Moore ap-
peared in person and accepted the ap-
pointment of bond trustees of the special
road fund and were instructed to pre-
pare the necessary bonds of \$5000 each.

The commissioners viewed the con-
tracts made on the roads, Attorney
Davis suggesting the most important
position in the county is the engineer
in charge of the roads.

The clerk was instructed to give a
written statement of his record and
understanding of the agreement with
the engineers. Whereupon the attor-
ney will present in writing his opinion
with reference to same.

It was reported that the railroad
companies coming into the county
were retelling supplies, goods, ware-
house and merchandise without procuring
occupational licenses. Whereupon the
following resolutions were adopted:

Resolution
"Whereas it has come to the atten-
tion of the Board of County Commis-
sioners that the Florida East Coast
Railroad and the Atlantic Coast Line
Railroad bring supply trains into Os-
ceola County and retail therefrom
goods, wares and merchandise without
the payment of an occupational li-
cense tax required, and

"Whereas the Board is of the op-
inion that such conduct on the part of
said railroads in the manner in which
such business is conducted is detri-
mental to the best interests of the
County,

BAPTIST SUNDAY SCHOOL SURPRISE SUPERINTENDENT

For two years or more Mrs. E. F.

Lang has been the faithful superintendent of the Baptist Sunday school during which time with the co-operation of the rest of the officers and teachers the school has almost doubled its membership, many new classes have been added, the school has been graded and great results have been accomplished.

At the regular annual election of officers for the church and Sunday school last Monday evening Mrs. Lang's name was naturally suggested as the one best qualified to fill the office for the coming year but on account of sickness in the home, she felt that she could not accept the responsibility.

This was a great disappointment to both the school and the church therefore in her absence it was suggested we show our appreciation in some small way at least of the faithful and meritorious service of Mrs. Lang by an old fashioned "round party" which was carried out at the close of the Prayer meeting on Wednesday evening which apparently was an entire surprise to Mrs. Lang when she was led into another room and shown a table loaded with all kinds of good things to eat also a glass jar with a few paper bills in it. Mrs. Lang responded in a very touching way as she thanked the people for their token of appreciation and the meeting closed with "Bless be the God that binds."

SCHOOL NURSES MONTHLY

REPORT FOR DECEMBER

Schools closed for the holidays, Decem-
ber 17. Christmas day was very
pleasant. Nine families were made
glad by the efforts of the local Red
Cross Chapter, which sent to them
boxes of clothes, food and toys.Checking over class room wall charts
I am just a bit disappointed not to
find more defects corrected during
last term. I hope however that many
have been made during the holidays
and sincerely trust that many more
be made before the close of this next
term of school. Corrections of defects
reported are as follows: Bookworm
treatment three doses each one week
apart, 57; teeth, 22; nose eyes, 12;
bad tonsils, 2; skin, 8.Defects reported to parents which
have not been corrected are as fol-
lows: Throat, 32; teeth, 65; eyes, 10;
bookworm, 53. These are the most
unpleasant and should have immedi-
ate attention.For the Parent-Teachers associa-
tion meeting, December 13, with the
assistance of Miss Moon and her pu-
pils of grade 3A we gave a health pro-gram, in which we tried to show the
stress being given this term to special
health rules which if kept now will
become life habits.Visits during the month, school 25;
school children 35; home visits 28;
school room 45. Individual conference
mothers 16; teachers 38; interested
individuals 33; doctors 8. Class room
talks on health 15. Treatment of
small sores and wounds 4. Advised
35; weighed 490. Individual inspection
35. Bookworm specimens mailed
to Jacksonville 20. Made four sani-
tary inspections. Ordered for Dr.
Perkins, Halapaw, one hundred cap-
sules 45 minutes each of carbon tu-
trachloride bookworm medicine (these
are the adult dose. Dr. says the par-
ents realize the benefit their children
have received as result of bookworm
treatment, therefore, he is getting fre-
quent requests from them for treat-
ment. Many children who took treat-
ment last year, have gained from 8 to

Cawthon Urges Greater Appropriation For the Florida Public School System

TALLAHASSEE, Fla., Dec. 31.—Declaring that the present state appropriations to education were far from adequate, that the state contributed only about two and seven-tenths per cent of the total of maintaining Florida's public schools in 1924-25, and that the state gave but \$3.42 for the schooling of each pupil, the cost was \$124, W. S. Cawthon, state superintendent of public instruction, urged a fund three or four times as large as the present one in an address before the annual convention of the Florida Education Association here today.

"Florida needs a statute prescribing a minimum school term of six months and an appropriation of approximately \$200,000 to be apportioned on the dual basis of effort and need to such counties as are unable to carry out the minimum state educational program from their own resources, combined with the state funds received by these counties from other sources," Cawthon told the delegates to the convention.

"The distribution should be either on the pupil or on the teacher basis," he said. "Personally, I am inclined to favor the latter, but further study might result in a change of my opinion."

The educational needs of the state at present were outlined to the convention by Cawthon as follows:

A new scheme of certification of teachers based upon evidence of scholarship and professional preparation, rather than upon examinations, and recognizing more levels of training than are recognized in Florida's present system of certification upon creditable.

A schedule applicable to the salaries of teachers and superintendents, such schedule providing minimum salaries for the holders of each of the various classes of certificates.

A system of pensioning teachers of Florida schools.

The apportionment of the state one-half tax and the interest of the state school fund upon the basis of average attendance.

A statewide minimum school term of six months and such an appropriation from the state treasury to any county as that county may need in order to carry out the minimum state program, after levying the maximum millage allowed by law upon the actual value of the taxable property of the county.

Cawthon's talk today was on the subject, "Basis of Apportioning State General School Funds in the United States."

He showed that the "per pupil" basis was employed in 45 states of the Union, 25 states using the enumeration basis, eight the basis of average

daily attendance, five that of average attendance, and the remaining four apportion on the basis of enrollment. "It is a noteworthy fact," he continued, "that Florida is one of the eight states using the average daily attendance basis of distribution of state general school funds, and that it is the only state in which there is no other basis."

"Generally speaking, the American states have followed two prices for equalizing the burden of maintaining the minimum public school program. One of these plans is known as the 'large fund' plan, and consists in raising a state fund for the support of education by a uniform tax levy, usually a levy on all property of the state. This fund is distributed from the state treasury to the school units of the state on a uniform basis. The elements of this method being the uniform tax levy, the centralization of the fund in the state treasury, and the distribution of the fund according to some uniform measure."

"Those familiar with Florida's distribution of state funds will readily note that we have the 'large fund' method without the large fund. The total of \$506,773 distributed from the one-half tax and the interest on the state school fund last year constitutes only about 2.7 percent of the total costs of the schools for the year 1924-25."

"The 'large fund' method as employed in Florida does not recognize need as expressed in terms of the inability of the county to maintain schools, neither does it take into account the efforts of the county except such efforts as are put forth to make a high average daily attendance."

"The state money, much like rain, falls upon the just and the unjust. No reward comes to the county for its efforts to raise money for better buildings, better teachers, and longer terms of school, admitting that all these help indirectly to increase the average daily attendance."

"If section nine of article twelve of our state constitution as amended takes precedence over section seven of the same article, the Legislature now can change from the basis of average daily attendance to that of average attendance. This change should be made by all means and the efforts of progressive communities should thus be rewarded more adequately than under the present method of making apportionments."

"The principal of the state school fund, he said, has increased more than one hundred per cent during the last two years and the one-half tax also has steadily increased."

GREAT PROSPERITY FOR NEW YEAR PREDICTED

Written especially for The St. Cloud Tribune

By ROBERT FULLER

President Coolidge believes 1927 will be a bumper year and that the business of the country is fundamentally sound. His information, coming from government sources, leads him to see continued prosperity during the coming year. All the signs, as he reads them, are favorable.

Among the things leading him to this viewpoint are the increase in employment recently reported in New York, Pennsylvania and some of the industrial states, the plentiful supply of capital for manufacturing enterprises and the low surplus of manufactured articles.

At present prosperity exists in all parts of the country except the wheat and cotton sections, the President feels, and he believes the South will be able to emerge from the present depression resulting from low cotton prices.

Work in general is plentiful, the President understands, and the people are receiving high wages which are being spent generously so that production is being stimulated.

Railroads are in good condition, he thinks, and contracts for new equipment next year will aid business. Manufacturing, the President is informed, is producing at far better than the average rate.

But the President recalls that dire predictions of business depression made by some at the beginning of 1926 were never realized and points to this as proof that predictions do not always materialize. But the signs as he sees them, point to continued good business in 1927.

WAS DOWN IN BED WITH LUMBAGO

Went back to work after three days of home treatment

C. L. Normandy, a civil engineer living at 234 West 9th Street, St. Paul, Minn., was taken with an attack of lumbago and for one week could not move in his bed.

"A friend told me to use Sloan's Liniment and I got a bottle. After using it one day, I was able to walk about the house. After three days I was able to go to work, and now I am as well as ever. I would not be without Sloan's Liniment if it cost \$5.00 a bottle. It is a sick man's friend."

The reason that Sloan's gives such remarkable relief is that it gets right at the cause of the pain. It stimulates the circulation throughout the place where the pain is, and cleans out the germs that are causing it.

Right away you feel relief. The pain stops, and soon you are fit as ever. Get a bottle today and have it on hand. All drug stores—25 cents.

FOR SALE

Ten acres of land for sale, twenty dollars per acre, fifty dollars first payment, and ten dollars per month. Five acres for sale, twenty dollars per acre, twenty-five dollars first payment and ten dollars per month. Good title.

One city lot, fifty dollars. Will trade acreage for city property.

A HAPPY NEW YEAR

Will naturally follow the erection of a home built of concrete blocks, the new handsome and durable substitute for brick and ordinary stone. These are scientifically made in uniform shapes and sizes, and are easily handled, laid and fitted without breaking or cutting. They are both damp and fire-proof.

Keep Fit!

Good Health Requires Good Elimination

TO be well, you must keep the blood stream free from impurities. If the kidneys lag, allowing body poisons to accumulate, a toxic condition is created. One is apt to feel dull, languid, tired and aching. A nagging backache is sometimes a symptom, with drowsy headaches and dizzy spells. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. If you have reason to suspect improper kidney functioning, try Doan's Pills—a tested stimulant diuretic. Users praise them throughout the United States. Ask your neighbor!

A good cold weather starter now more dependable than ever

Probably no single feature of Dodge Brothers Motor Car has been more widely talked about and commended than the power and promptness of the starter.

The new two-unit starting and lighting system now advances Dodge Brothers leadership in this important respect still further.

There are now no moving starter parts when the car is in motion—no starter chain—no noise—no wear. The new starter is even more DEPENDABLE than the old, and far simpler and more compact in construction.

Many other major improvements have been added during the past twelve months, all vitally affecting performance and increasing value far beyond the apparent measure of current Dodge Brothers prices.
